

# OUR 2022 GOLF CO-CHAIRS:

**ERIK BRUNER-YANG**  
Chef, Restaurateur,  
Creator of The Power of 10

In 2020, as a result of Coronavirus, there were unprecedented job losses and various levels of hunger across the community. NCC seeking to be a part of the solution leveraged our Baby Bloomers Urban Farm and Fruit Orchard and partnered with Chef Erik Bruner-Yang and his Power of 10 initiative to provide groceries and hot meals to hundreds of children, families, and adults with disabilities in the community to ease the burden of food disparity during the height of the pandemic.

**ANTHONY FERNANDO**  
President, Atmos Solutions, Inc.

Atmos Solutions graciously sponsored NCC's first annual Holiday in Candyland event, ensuring that each family received assistance with their holiday meal and each child received a gift. It was a huge success! "It was a little taste of magic amid the pandemic."
